MEMORANDUM

To: Clerks, United States Courts
From: Robert Lowney 
RE: NEW PACER WEBSITE (**ACTION REQUESTED**)

I am pleased to announce the launch of the Judiciary's redesigned PACER information website, <https://pacer.uscourts.gov>. The website, which will launch on June 28, 2020, provides a wide range of resources and information about PACER and electronic public access services to the public, as well as easy access to PACER and PACER-related applications. The website was redesigned to take advantage of new technology and design practices. New features include:

- Mobile friendly design;
- Tool to search for court-specific information, such as unique flag definitions;
- JSON and XML feeds of court-specific information;
- Optimized search engine to improve content findability;
- Interactive format to search frequently asked questions; and
- New accessibility tools.

In addition, the look and feel of the PACER applications—Manage My Account and Registration—have been updated without changing the functionality to ensure users have a consistent experience.

The website URL is changing to <https://pacer.uscourts.gov> and traffic to pacer.gov will redirect to the new site starting June 28th.
