

REPORT IT RIGHT!

U.S. Trustee Presentation on New MORs and PCRs Effective in June

June 18, 2021 at 11:00 a.m. – Virtual Training

All are invited to attend a one-hour presentation by the Memphis U.S. Trustee's office concerning the new Monthly Operating Report and Post-Confirmation Report forms. The new forms go into effect on June 21, 2021. Substantive reporting will remain virtually unchanged. But the new forms are data-enabled, adherence to which will be essential.

- This training concisely covers the steps for formatting and filing the reports the right way.
- Learn what additional supporting documentation must be appended to MORs.
- Note, the new MOR forms are for non-Small Business Debtor cases.

This training is especially designed for attorneys and staff focusing on or entering the field of Chapter 11 practice. Chapter 11 debtor representatives and individual Chapter 11 debtors are welcome to attend, too.
